Dear Caregiver,

Enclosed is a **Caregiver's Affidavit**. This document allows a Caregiver to enroll a child in school and consent to a child's medical care. A Caregiver's Affidavit does not take away or suspend parental rights. A parent or guardian can overrule any of the Caregiver's decisions, unless the parent or guardian's wishes jeopardize the child's health, life, or safety.

Page 2 of this packet is the actual affidavit. Pages 3-5 contain information for school officials and health care providers, including Section 6550 of the California Family Code. In order for the Caregiver's Affidavit to be valid, a **Caregiver** must:

- 1) **Fill out lines 1-4, sign and date the affidavit.** This enables a Caregiver to enroll a child in school and consent to any medical care that is required for school enrollment, such as physicals and medical examinations performed on school grounds.
- 2) **If the Caregiver is a relative of the child, they should additionally fill out lines 5-8.** Lines 5-8 allow relative Caregivers to consent to medical, dental and mental health care.

A Caregiver's Affidavit is a legal document. A Caregiver signs the affidavit under penalty of perjury that he or she is the child's Caregiver and all information is true. If the child stops living with the Caregiver, the Caregiver should inform the school and all other agencies that have been given the Caregiver's Affidavit.

Keep the original affidavit. Give copies of your signed affidavit and pages 3-5 of this packet to the child's school and/or day care provider and to the child's health care provider. The affidavit need not be filed in court. **Do not** send the signed affidavit back to The Alliance for Children's Rights. The Affidavit is valid for one year from the date it was completed and signed. If care is required for more than one year, the Caregiver should fill out another affidavit (please contact the Alliance for another blank form).

If you have any questions, please feel free to call the Alliance for Children's Rights.
